

UNIVERSAL DOLMEN SCREEN

This element provides the physical and visual clearance necessary for everyday work tasks. These universal panels are compatible with all desks and can be easily interchanged thanks to their simple assembly.

The design of this panel maintains visual consistency with the Dolmen family.

DESCRIPTION

Available in:

- ▶ 25mm thick upholstered panel.
- ▶ 35mm thick acoustic upholstered panel.

UPHOLSTERED

Constructed in two halves of 10mm thick chipboard, with an average density of 700/650 kg/m³ according to EN 323 standard. Bonded together using water-based glue.

ACOUSTIC

The acoustic upholstery includes an additional 5mm thick foam layer with a density of 60 kg/m³ on each side.

TECHNICAL SHEET

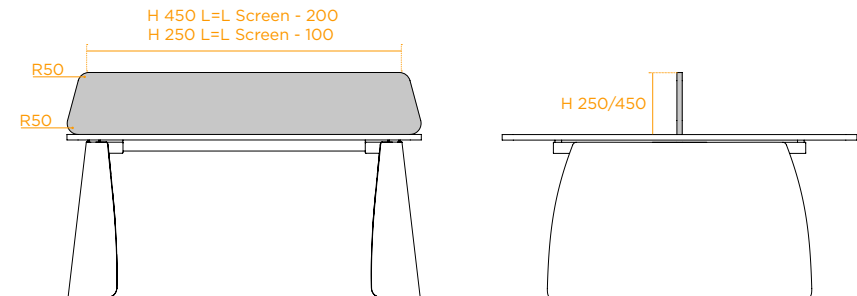

FEATURES

BENCH

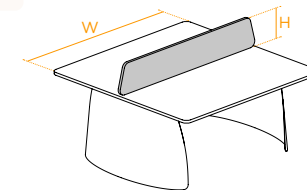

The desktops are pre-marked on the underside at intervals of 50cm or 85cm to accommodate the front bench panels. These panels are secured to the desk using screws from the bottom of the desktop.

Pre-marked spacing: 50cm for panels < 100cm / 85cm for panels ≥ 100cm.
