

NEXUS 27

NEXUS 27 AUTONOMOUS AND DESKTOP

Structure

Profile in anodised aluminium joined at the corners with locking joints, also in painted aluminium. Double and single legs for the autonomy panels. These legs have aluminium levellers of 35x1.5 mm. Anchorage for desktop in e-5 mm with metric screws.

Lineal or angular unions: aluminium profile of 27x27 with slots on all 4 sides that house the rubber profile for the various different connections.

The whole structure receives a microcrystalline anti-corrosion bath followed by an electrostatic applied layer of epoxy powder.

Mixed panel: lower part upholstered or laminated upper part in transparent grey glass e-5 mm.

Upholstered panel: Interior of honeycomb cardboard, tablex of e-5 mm forming the compact cover over which the upholstery is placed.

Laminated panel: Interior of honeycomb cardboard, particle board of e-5 and laminated e-0.8

Optional features for desktop panel h-30

Integrated technical panel in aluminium with 5 rails for holding different organisational elements and files.
