

FLOWER PLANTER

Flower planter modules for the Cube, T-Box, Plenum and Quo programmes. Green areas have a soothing effect on workspaces and help enhance the atmosphere. Those working in offices often ask for solutions of this kind to make their work environment a warmer place.

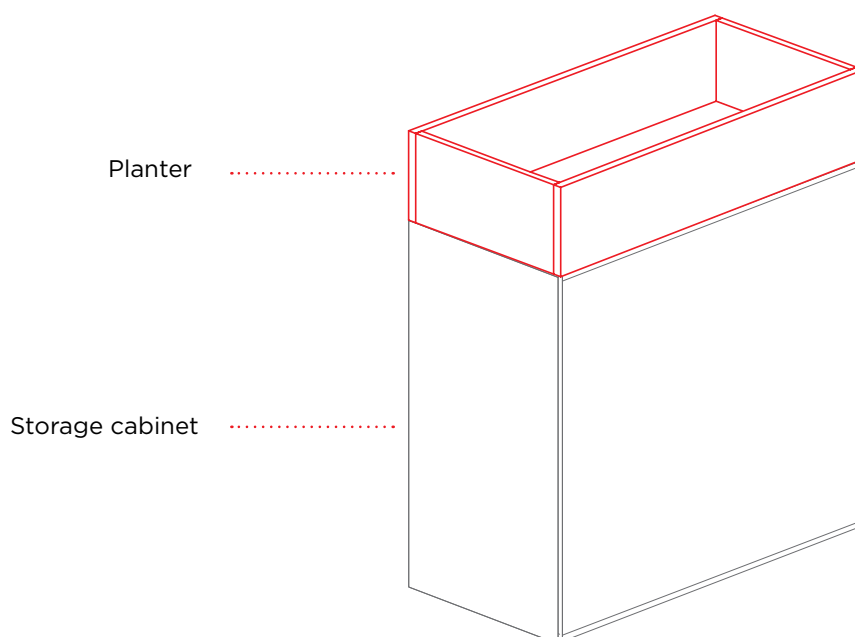

DESCRIPTION

STRUCTURE

19-mm thick chipboard assembly.

Chipboard with an average density of 630 kg/m³ per EN 14323, bonded with synthetic resins and especially designed for applications that require high bending strength and scratch and stain resistance.

No fasteners needed. The planters sit on top of the storage cabinets.
